

What happens to eWallet funds after the Fair?

Once the Scholastic Book Fair has ended any unused eWallet funds become an e-gift balance available in your Scholastic account. Families and teachers can use that balance to shop online with Scholastic, to contribute to your school's Share the Fair account, or to fund a new eWallet for your school's next Fair. Start by signing into your Scholastic account. You'll see your school's Fair listed with a button to create a new eWallet.

Choose whether you are creating a student or teacher eWallet. Then choose the option to fund your eWallet with your e-gift balance. After you can manage your eWallet in your Scholastic account. Here you can add more funds, share with others, create an eWallet for another child and more. Scholastic sends a monthly email to anyone with an e-gift balance to ensure funds are not forgotten.

All funds are stored in your Scholastic account and available for use anytime.
